EAT CLEAN. LIVE GREEN. GLOW NATURALLY.

THANK YOU FOR SUPPORTING LOCAL & FRESH

THE POWER OF MICROGREENS

Tiny Greens. Massive Benefits.

Microgreens may be tiny, but they are packed with the nutrients your body craves. Add a burst of freshness, flavor and vibrant nutrition to your daily meals.

FUN FACT

Microgreens can contain up to 40 times more nutrients than their mature counterparts!

HOW TO STORE MICROGREENS

KEEP COOL
Store in the refrigerator (2–4°C).

KEEP DRY
Moisture can cause spoilage. Keep them dry.

USE VENTILATED CONTAINER
Use breathable containers or boxes.

CONSUME FRESH
Best consumed within 5–7 days of harvest.

MICROGREENS vs. MATURE VEGETABLES

MICROGREENS	VS	MATURE VEGETABLES
Harvested young		Harvested later
Higher nutrient density		Lower nutrient density
Intense flavor		Milder flavor
Used as a garnish or topping		Used as a main ingredient
Quick to grow (7–14 days)		Longer to grow (Weeks to months)

NUTRITIONAL POWERHOUSE

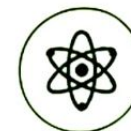

Microgreens are rich in essential vitamins, minerals and antioxidants.

VITAMINS
A, C, E, K and B-complex for overall wellness

MINERALS
Iron, Calcium, Magnesium, Potassium and more

ANTIOXIDANTS
Help fight free radicals and support a strong immune system

FIBER
Aids digestion and supports gut health

ENZYMES
Support metabolism and better nutrient absorption

EASY WAYS TO ENJOY MICROGREENS

SALADS
Add crunch, color and rich nutrients to your salads

SANDWICHES & WRAPS
Elevate your sandwiches with freshness

SMOOTHIES
Blend into your smoothies for an instant nutrient boost

SOUPS
Garnish soups for added flavor and vibrant nutrition

GRAINS & BOWLS
Top your rice, quinoa or grain bowls for a healthy twist

EGGS & OMELETS
Sprinkle on eggs for extra flavor and nutrition

WHY CHOOSE GOAURA MICROGREENS?

CHEMICAL-FREE
Grown without harmful pesticides or chemicals.

SUSTAINABLE
We follow eco-friendly practices for a better planet.

GROWN WITH CARE
Nurtured with passion and strict quality standards.

FRESH & LOCAL
Locally grown and harvested for maximum freshness.

SAFE & HYGIENIC
Grown in clean, controlled and hygienic conditions.

WEEKLY DELIVERY
Delivered fresh to your doorstep every week.

Eat Fresh. Live Healthy.

**CHOOSE MICROGREENS.

NOURISH YOUR LIFE WITH MICROGREENS

Tiny Greens. Massive Benefits.

Microgreens may be small, but their impact on your health is enormous. These young, vibrant greens are nature's most concentrated source of nutrition.

Eat a little every day for a healthier, happier you.

GOOD FOOD.
GOOD MOOD.
GREENER YOU.

THE HEALTH BENEFITS

BOOSTS IMMUNITY

Rich in vitamins A, C, E and antioxidants that strengthen your immune system.

SUPPORTS HEART HEALTH

Helps reduce bad cholesterol and supports healthy blood circulation.

AIDS DIGESTION

High in fiber and enzymes that promote better digestion and gut health.

HELPS IN WEIGHT MANAGEMENT

Low in calories yet nutrient dense—perfect for a healthy weight.

ENHANCES SKIN & HAIR

Vitamins and minerals promote glowing skin, strong hair and cell repair.

IMPROVES FOCUS & MOOD

Nutrients like omega-3s and folate support brain function and mood.

MICROGREENS FOR EVERY MEAL

BREAKFAST

Top your toast, omelettes or smoothies for a nutritious start.

LUNCH

Add crunch and nutrition to salads, bowls and wraps.

SNACKS

Blend into smoothies or enjoy over hummus and dips.

DINNER

Garnish soups, curries, pasta and rice dishes for extra goodness.

BEVERAGES

Use in juices, detox drinks and wellness shots.

MEAL PREP

Easy to store and add to your meals all week long.

TIPS FOR BEST RESULTS

- ✓ Use high-quality seeds for best germination.
- ✓ Keep the growing medium moist, not soggy.
- ✓ Ensure good airflow and adequate light.
- ✓ Harvest with clean scissors for best quality.
- ✓ Consume fresh for maximum nutrition.

— ABOUT GOAURA MICROGREENS —

PURE & NATURAL

Grown without chemicals, pesticides or GMOs.

SUSTAINABLY GROWN

Eco-friendly practices for a greener planet.

PACKED FRESH

Hand-harvested and delivered fresh to you.

OUR PROMISE

Quality, freshness and your well-being—always.

"We believe that small greens can create big changes—for you and our planet."

EAT CLEAN.
LIVE GREEN.

FRESHNESS
IN EVERY BITE.

NOURISHING YOU,
NATURALLY.

BETTER FOOD.
BETTER PLANET.

*Small Greens Today,
Stronger You Tomorrow.*

TIPS TO INCORPORATE MICROGREENS

ADD TO SALADS

Instantly boost the nutrition and flavor of your salads.

TOP YOUR FOOD

Sprinkle on sandwiches, pizzas, wraps, soups and more.

BLEND IN SMOOTHIES

Add a handful to your smoothies for a green nutrition boost.

GARNISH & ELEVATE

Use as a garnish to make every meal look and feel gourmet.

STORAGE & SHELF LIFE

KEEP IT COOL

Store in the refrigerator (2–5°C) for maximum freshness.

USE AIRTIGHT CONTAINER

Keeps microgreens fresh, crisp and prevents moisture loss.

AVOID EXCESS MOISTURE

Do not wash before storing. Wash just before use.

BEST USED WITHIN 7–10 DAYS

For best taste, texture and nutrition.

TYPES OF MICROGREENS WE OFFER

BROCCOLI

RADISH

SUNFLOWER

PEA SHOOT

FENUGREEK

MUSTARD

CABBAGE

CARROT

BEETROOT

SPINACH

CORIANDER

BASIL

Each microgreen is grown with care to deliver maximum nutrition and exceptional freshness.

FUN FACTS

Microgreens are 4–40x more nutrient dense than mature vegetables.

They are harvested young, usually 7–14 days after germination.

A small handful can deliver a big boost to your health.

NUTRITION SNAPSHOT (Compared to mature vegetables)

C Vitamin C
up to 6x more

E Vitamin E
up to 4x more

Beta-carotene
up to 8x more

Iron
up to 4x more

BROCCOLI MICROGREENS

Tiny Greens, Mighty Benefits.

WHAT IS IT?

Broccoli microgreens are the immature seedlings of the broccoli plant, harvested 7–14 days after germination. They are tiny, tender greens with a mild, slightly peppery flavor and are packed with sulforaphane, vitamins, and minerals that support overall health.

DID YOU KNOW?

Broccoli microgreens contain up to **50–100 times** more sulforaphane and antioxidants than mature broccoli!

NUTRITION COMPONENTS*

* Per 100 grams

C	K	A		Ca	Fe	
Vitamin C	Vitamin K	Vitamin A	Folate	Calcium	Iron	Sulforaphane
89 mg	101 mcg	6230 IU	105 mcg	47 mg	1.8 mg	20–50 mg
(High)	(High)	(Very High)	(Moderate)	(Moderate)	(High)	(Abundant)
Immunity Support	Blood Clotting	Vision	Cell Growth	Bone Health	Oxygen Transport	Powerful Antioxidant

Rich in Antioxidants, Fiber, Nitrates & Plant Compounds

Note: Nutrient amounts (mg, mcg, IU) show how much of each nutrient is present in 100 grams of broccoli microgreens. The % (High, Moderate, Very High) indicates how well it contributes to your daily nutritional needs based on an average adult diet.

MOST BENEFITTED BODY PARTS / SYSTEMS

WHO CAN CONSUME?

- ✓ Children (above 3 years)
- ✓ Adults of all age groups
- ✓ Elderly for healthy aging
- ✓ People with weak immunity
- ✓ Fitness enthusiasts & athletes
- ✓ Pregnant women (in moderation)
- ✓ People with lifestyle diseases (BP, Diabetes, Cholesterol)
- ✓ Anyone looking for natural wellness

BENEFITS – WHY, HOW & WHAT

- ✓ **Detoxifies the Body:** Sulforaphane supports liver detox and helps eliminate toxins.
- ✓ **Boosts Immunity:** High in vitamins A, C & K that strengthen immune defense.
- ✓ **Supports Heart Health:** Helps lower blood pressure and improves circulation.
- ✓ **Anti-Inflammatory:** Natural compounds reduce inflammation at the cellular level.
- ✓ **Improves Sports Performance:** Nitrates enhance stamina and oxygen efficiency.
- ✓ **Aids Digestion:** High in fiber that promotes a healthy gut and relieves constipation.
- ✓ **Healthy Skin:** Antioxidants fight free radicals and promote glowing skin.
- ✓ **Supports Brain Health:** Nitrates improve blood flow to the brain and cognitive function.

HOW TO CONSUME?

- ✓ Add raw to salads, sandwiches, wraps & soups
- ✓ Blend into smoothies or detox juices
- ✓ Garnish on pizzas, pastas, or bowls
- ✓ Mix in sprouts or other greens
- ✓ Lightly sauté for 30 seconds (optional)
- ✓ Best when consumed fresh for maximum nutrients

- ✓ Fitness enthusiasts & athletes
- ✓ Pregnant women (in moderation)
- ✓ People with lifestyle diseases (BP, Diabetes, Cholesterol)
- ✓ Anyone looking for natural wellness

BENEFITS – WHY, HOW & WHAT

- ✓ **Detoxifies the Body:** Chlorophyll helps flush out heavy metals and toxins.
- ✓ **Boosts Immunity:** Rich in vitamins, minerals and antioxidants that strengthen immunity.
- ✓ **Supports Digestive Health:** Enzymes and fiber aid digestion and relieve constipation.
- ✓ **Supports Blood Health:** High in iron and chlorophyll that help improve hemoglobin.
- ✓ **Anti-Inflammatory:** Plant compounds help reduce inflammation and oxidative stress.
- ✓ **Boosts Energy & Stamina:** Natural nutrients help reduce fatigue and enhance vitality.
- ✓ **Supports Liver Health:** Chlorophyll and antioxidants support liver detox and function.
- ✓ **Healthy Skin:** Vitamins A, C and E promote clear, healthy and glowing skin.
- ✓ **Supports Bone Health:** Good source of calcium, magnesium and vitamin K.
- ✓ **Alkalizes the Body:** Helps balance pH levels and reduce acidity in the body.

HOW TO CONSUME?

- ✓ Add raw to salads, sandwiches, wraps & soups
- ✓ Blend into smoothies or detox juices
- ✓ Garnish on dals, rice, parathas or curries
- ✓ Mix in sprouts or other greens
- ✓ Lightly sauté for 15–20 seconds (optional)
- ✓ Best when consumed fresh for maximum nutrients

CABBAGE MICROGREENS

Tiny Greens, Mighty Benefits.

WHAT IS IT?

Cabbage microgreens are the immature seedlings of the cabbage plant, harvested 7–12 days after germination. They are crisp, mildly peppery greens with a hint of sweetness, known for their rich nutrients, vibrant color and exceptional health benefits.

DID YOU KNOW?

Cabbage microgreens contain up to **40–60 times** more vitamins and antioxidants than mature cabbage leaves!

NUTRITION COMPONENTS*

C	K	A		Ca	Fe	
Vitamin C	Vitamin K	Vitamin A	Folate	Calcium	Iron	Antioxidants (Glucosinolates)
70 mg	483 mcg	5600 IU	97 mcg	114 mg	2.5 mg	Abundant
(High)	(High)	(Very High)	(Moderate)	(Moderate)	(Moderate)	Cell Protection & Repair
Immunity Support	Blood Clotting	Vision Support	Cell Growth	Bone Health	Oxygen Transport	

* Per 100 grams

Rich in Antioxidants, Chlorophyll, Fiber & Plant Compounds

Note: Nutrient amounts (mg, mcg, IU) show how much of each nutrient is present in 100 grams of cabbage microgreens. The % (High, Moderate, Very High) indicates how well it contributes to your daily nutritional needs based on an average adult diet.

MOST BENEFITTED BODY PARTS / SYSTEMS

WHO CAN CONSUME?

- Children (above 3 years)
- Adults of all age groups
- Elderly for healthy aging
- People with weak immunity
- Fitness enthusiasts & athletes
- Pregnant women (in moderation)
- People with lifestyle diseases (BP, Diabetes, Cholesterol)
- Anyone looking for natural wellness

BENEFITS – WHY, HOW & WHAT

- ✓ **Detoxifies the Body:** Glucosinolates help detoxify the body and reduce harmful toxins.
- ✓ **Boosts Immunity:** High in vitamins C, A, K and folate that strengthen immunity.
- ✓ **Supports Heart Health:** Helps lower cholesterol and supports healthy circulation.
- ✓ **Anti-Inflammatory:** Natural compounds help reduce inflammation and oxidative stress.
- ✓ **Supports Bone Health:** Calcium, vitamin K and magnesium strengthen bones.
- ✓ **Aids Digestion:** Fiber supports healthy digestion and relieves constipation.
- ✓ **Healthy Skin & Hair:** Antioxidants and vitamins promote glowing skin and healthy hair.
- ✓ **Supports Respiratory Health:** May help reduce symptoms of asthma and allergies.
- ✓ **Supports Eye Health:** Vitamin A and antioxidants support vision and eye function.
- ✓ **Supports Brain Health:** Nutrients and adaptogens support memory and focus.

HOW TO CONSUME?

- ✓ Add raw to salads, sandwiches, wraps & soups
- ✓ Blend into smoothies or green juices
- ✓ Garnish on pizzas, pastas, or grain bowls
